Specification

Product	Yeast extract powdered for molecular biology
Product number	1064
Storage	below 25°C
Retest period (months)	48

Water-soluble part of autolysed yeast. Rich in ammonia and vitamins, especially water-soluble vitamin B-complexes. Suitable for addition to media.

TSE/BSE declaration: The product is manufactured by autolysis of Brewer's yeast cells and doesn't contain any raw materials produced from or substances derived of animal origin. Moreover this product is not derived from specific risk materials as defined in Guideline EMEA/410/01 final Rev. 03/2004. Therefore, it is TSE-BSE risk-free (revised).

Parameter	Specification
Appearance	pale yellow to brownish yellow powder
DNases/RNases/Proteases	not detectable
Residue on ignition (Ash)	<= 15 %
Total Nitrogen	10 - 12 %
Amino Nitrogen	>= 4.5 %
pH (1 % in water, 25°C)	6.5 - 7.5
Loss on drying	<= 6 %
Sodium chloride	<= 1 %
Microbial load	passes test
Cultural response	passes test
